

Welcome to the Jacobs University

Join AOK for your health insurance in Germany

Congratulations on becoming a student at the Jacobs University.

We hope that both your life on campus and degree get off to a flying start! Among many other things, you now also need to arrange your health insurance.

Germany has one of the best health insurance systems in the world. For very little money each month – far less than most international health insurance schemes – the state guarantees comprehensive medical services.

As Germany's top health insurance provider, we offer much more than just payment of your prescriptions. Join AOK today and enjoy many benefits and incentives to stay fit and save money! Our English-speaking consultants are there to help you every step of the way.

Your health insurance

We cover your costs when you need to visit a doctor or go to hospital. You are in good hands!

Vouchers for your health

We offer many free sports courses like yoga, functional training and easy running. We also help you to quit smoking. Just order your two health vouchers and try out different courses each year.

€ 750 per year

We refund € 750 per year for certain additional health services (in general up to 80% of the bill) for:

- Osteopathy (coverage of max. 3 treatments/year).
- Homeopathic treatment.
- Professional dental care (twice a year up to € 40 per treatment, max. invoice amount).
- (Travel) vaccinations, medical sports check-up and customized gum shields.
- Antenatal care, e. g., strep test, toxoplasmosis and cytomegalovirus test.

Bonuses and rewards

We support you when you take care of your health by doing sport and attending medical check-ups. Sports equipment, media gadgets, cooking utensils or cash – collect points and choose your bonus! Are you between 15 and 30 years of age? If so, you are welcome to use the #heldenbonus in our AOK Bonus-App. Upload proof of certain health-related activities and collect up to € 130 per year!

Many more benefits

- Office times at the Jacobs University.
- Twelve offices in Bremen and Bremerhaven.
- 24h online office for many services.
- We cover the cost of many further medical examinations, e. g., annual skin cancer screening.
- Low prices for supplementary private health insurance.

Would you like to join Germany's biggest health insurance provider or would you like to know more? Please contact us – we would be delighted to be of assistance!
